

Science – Are We Nearly There Yet?

What I already know

I have explored some animals that live in and around the seas. I have drawn and observed a range of plants and trees. I have explored the changes in the seasons so far

What I will learn (Sticky Knowledge)

- The names of some animals including fish, amphibians, reptiles, birds and mammals, carnivores, herbivores and omnivores
- The names of a variety of common wild and garden plants.
- The basic structure of flowering plants and trees.
- The differences between Spring and Summer including differences in the weather and day length.

(Animals including Humans, Plants and Seasonal Change)

We will also

- Identify and classify animals and plants
- Use observations and ideas to suggest answers to questions
- Observe closely using simple equipment
- Gather and record data to help answer questions.

Key Vocabulary

Fish, amphibian, reptile, bird, mammal

Carnivore, herbivore, omnivore

Structure – bones, fins, cartilage, tail, scales, fur, whiskers, feathers

Names of plants eg daisy, sunflower, poppy,

Flower, stem, leaf, roots

Tree, trunk, roots, branches, bark, leaves

Season

Spring

Summer
