

What I already know

I have explored the change from Summer to Autumn.

I have experience of different materials and know some of their names.

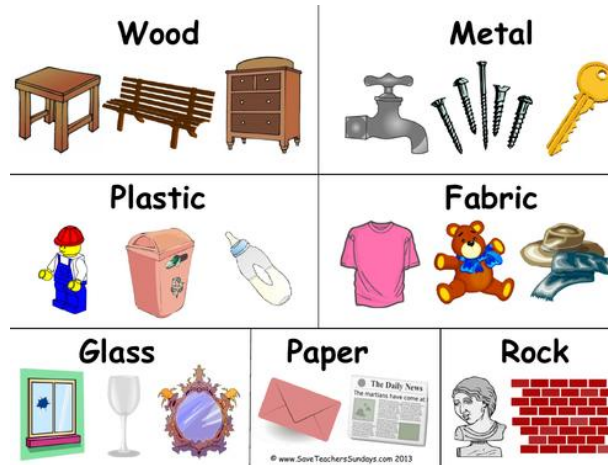

What I will learn (Sticky Knowledge)

- The names of different materials.
- The properties of these materials.
- Items made from these materials.
- The differences between Autumn, Winter and Spring including differences in the weather and day length.

We will also

- Compare and group materials
- Use observations and ideas to suggest answers to questions
- Perform simple tests
- Gather and record data to help answer questions.

Science – Once Upon a Time (Everyday Materials and Seasonal Change)

Key Vocabulary

Wood, plastic, glass, metal, water, rock, stone, brick, fabric

Material

Words to describe their properties eg hard, soft, bendy, shiny, breakable, transparent, stretchy, dull, rough, waterproof

Season

Winter

Spring
