

History – Are We Nearly There Yet? –

What I already know

Some examples of how life was different in the past

What I will learn (Sticky Knowledge)

- How our modes of transport have changed over time and the reasons for some of these changes.
- Facts about either The Wright Brothers, or Robert Stephenson and the important part they played in the development of transport systems.

Transport Now and Then (including either the First Flight or the First Trains)

The foci of this unit are

Chronology

Events, People and Change

Interpretation, Enquiry and using sources
