

Understanding the World

What I may already know

I may have used my senses to explore the natural world

I may have begun to make sense of my own life story and my family's history

I may show an interest in different occupations

I may explore how things work

Me and My World

What I will learn (Sticky Knowledge)

About my own life story and that of my family.

How to create a timeline of my life.

That life was different in the past.

How my life is different from my grandparents.

That I go to school in Wrea Green and some of the key features of our village including the people who live and work here.

To name some parts of the body.

That I have senses that I use to explore the world around me.

How I can use my senses to solve problems and puzzles

How the natural world changes as we move between seasons – Summer into Autumn, Autumn into Winter
