Curriculum Focus
Art Quotes

Please see below some quotes from children regarding Art.

I like drawing fruit and still life. Y6

I like street art using basic materials. Y6

I like repeated patterns as they are easy to understand and replicate. Y6

Mental Health

We have been sending links on the newsletter to support adult and child mental health.

We cover many of these topics/themes in our PSHE curriculum and would encourage you to speak to your child about their class discussions. We promote individual values in school, we discourage following what others do, we encourage your own thinking and ideas. We discourage the use of mobile phones and particularly discourage following trends on social media.

Playground

Just a reminder that the playground does not have staff supervision before the start of the school day.

Children in the playground should be supervised by parents/carers.

Please ensure that children only go in areas where they are allowed.

The prayer garden is a quiet space for walking, sitting and reflection.

Thank you
