**Curriculum Focus - Geography**

Here are some responses from Eagle pupils about Geography;

I like ‘Exploring’ and ‘Finding Out’ what people around world are like and how they are living. I love the class trips to explore more about it in person, and I wouldn’t change a thing.

I like when we go outside to do geography. I enjoy going on small trips with my class. I most like when we learn about rivers, lakes and coasts etc.

I like learning about different countries and their cultures and over all it’s pretty good.

I love learning about countries and doing posters. I like to learn about water and erosion.
